You and your beautiful home are such a huge part of our story. We have told the story many times, because people keep asking why we chose Nova Scotia to get married. We love telling the story because it's so unique and special. Thank you!

MICRO *wedding*

The current wedding trend leans toward simple, intimate “micro” weddings. Typically with less than 30 guests, these events contain many similar elements of larger more traditional weddings, but on a much smaller scale.

Our small wedding venue and packages allow you to choose options and services that are right for you, with plenty of opportunities for customization.

Smaller weddings allow you to spend more time with your family and friends and less time stressing about details. You won't sacrifice style, uniqueness or fun. Instead you'll have more time to enjoy your day and spend with your guests.

FRESH florals

Fresh floral arrangements are custom made for your day. We work with local growers to create beautiful, Bohemian themed center pieces, ceremony displays and bouquets.

A woman in a white dress stands in profile, looking out over a body of water at sunset. The sky is a mix of orange and purple, and the water reflects the light. The woman's hair is styled in an updo with a floral accessory.
